

Caprari's sustainability report

20 April 2010 This year, Caprari has obtained the "CSR 2010 Award" of the Modena's Province for its "Sustainability Report". The Corporate Social Responsibility (CSR) is a new approach for managing a company. It is focused in creating innovation being environmentally, socially, and economically sustainable. The Sustainability Report is the document in which the environmental, social and economic performance of an enterprise is measured and recorded, and in which responsibility for this performance is assumed in relation to the stakeholders, all with a view to achieving the sustainable development goal.
