caprari

**aqueducts and
waste water management**

- Treatment of drinking water, domestic and industrial wastewater
- Extraction from deep wells
- Distribution and pressurization
- Water purification and desalination

infrastructure

- Rainwater recovery and discharge
- Water drainage from excavations
- Waste water management and treatment
- Pressurization and fire prevention

irrigation

- Groundwater withdrawal
- Large irrigation systems
- Land reclamation
- Greenhouse and frost protection irrigation

**industry, OEM and
firefighting**

- Process auxiliary services
- Artificial snow-making
- Dust suppression systems
- Sea water application

caprari
products overview

The best complete range for your needs

Borehole pumps and motors

6" ÷ 22" Borehole pumps in cast iron, bronze, stainless steel, duplex and super-duplex

Max Flow Rate	Max Head	Power up to
350l/s	700m	440kW

4" - 6" Borehole pumps - DESERT ENERGY

Max Flow Rate	Max Head	Power up to
12l/s	700m	45kW

6" ÷ 12" Borehole pumps - ENDURANCE in high precision casted stainless steel

Max Flow Rate	Max Head	Power up to
190l/s	850m	440kW

6" ÷ 10" Borehole pumps in stamped stainless steel

Max Flow Rate	Max Head	Power up to
60l/s	450m	150kW

Submersible motors

Power up to	No. of poles	Low/Medium voltage up to
440kW	2-4	3.300V

6" ÷ 22" Vertical lineshaft pumps

Max Flow Rate	Max Head	Power up to
350l/s	280m	450kW

Firefighting pumps

Max Flow Rate	Max Head	Power up to
325l/s	280m	450kW

Surface pumps

Split case pumps

Max Flow Rate	Max Head	Power up to
2500l/s	270m	3000kW

SAE flanged pumps for diesel engines

Max Flow Rate	Max Head	Power up to
135l/s	195m	150kW

Horizontal single stage pumps

Max Flow Rate	Max Head	Power up to
280l/s	140m	132kW

Trailer mounted tractor pumps

Max Flow Rate	Max Head	Power up to
140l/s	170m	120kW

EN733 Normalized pumps

Max Flow Rate	Max Head	Power up to
420l/s	110m	355kW

Horizontal monobloc electric pumps

Max Flow Rate	Max Head	Power up to
180l/s	120m	190kW

High pressure horizontal multistage pumps

Max Flow Rate	Max Head	Power up to
160l/s	1000m	700kW

Vertical multistage electric pumps

Max Flow Rate	Max Head	Power up to
50l/s	315m	90kW

Surface motors

Efficiency Class	Supply voltage	Power up to
IE5 / IE4 / IE3 / IE2	Medium / Low	3000kW

Sewage pumps and systems

DN40

Submersible electric pumps - K+ Energy Series

DN500

Max Flow Rate	Max Head	Power up to
1600l/s	90m	345kW

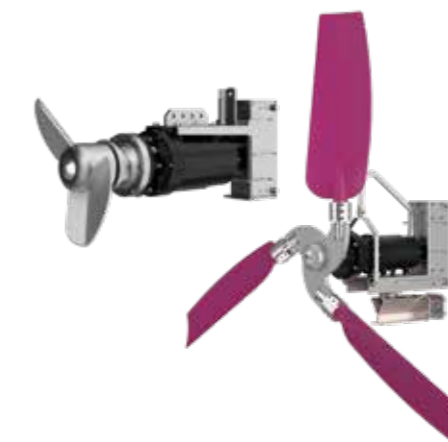

Submersible pumps for wastewater

Max Flow Rate	Max Head	Power up to
750l/s	65m	200kW

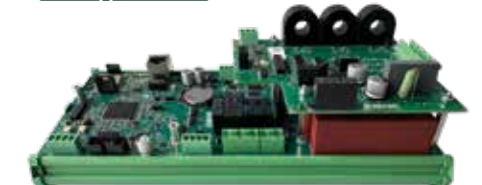

Submersible pumps for drainage and sewage

Max Flow Rate	Max Head	Power up to
90l/s	65m	22kW

Submersible mixers and flow accelerators

GREEN BOX Control and monitoring system
